

# GOATS AT A GLANCE

VOLUME VI: DECEMBER 2024

## HAPPY HOLIDAYS

Here we are - finishing the fall semester. As always, time seems to whirl by, and we quickly find ourselves questioning where it went. We want to take this moment to thank the students, parents, families, friends, Combine staff, and community members for another successful semester. We wish all safe travels, restful breaks, and most importantly happy holidays. We are so grateful to our GOAT family. We look forward to a fresh spring semester, starting with day one of classes and athletic training on Monday, January 6th! Campus reopens on Sunday, January 5th. For those needing transportation from the airport, please complete the following forms:

- [Transportation Pre-approved -January 5th Only](#)
- [Transportation w/ Fee - After January 5th](#)

## END OF SEMESTER

Early exams started on Friday, and we successfully concluded on Tuesday, December 17th. Teachers are actively grading and finalizing things on their end. Grades are due by Friday, December 20th; therefore, final semester reports will be emailed home the week after the Christmas holiday. Once grades are sent, the Fall grade book in Quick Schools will close - and spring will open. At that time, spring scheduling will occur. All students will have their schedules by prior to their arrival back to campus. Like the fall semester, students will have an opportunity those first couple of days to revise schedules (if needed), and they will have another 10 day drop window.
